Live Video Coverage of New Geauga County Offices

March 6, 2021

Geauga County, OH: Geauga County has launched a website that provides live video feed showing the construction of the new office building along with time-lapse photographs of the construction. A link to this website can be found on the Geauga County Commissioners home page (<https://co.geauga.oh.us/Departments/Commissioners>).

Special thanks goes to the Geauga County Auditor and staff and Company 119 who worked diligently to get this website and camera up and running.
